with HELA above may be pursued. In view of the prevailing financial stringency and the high cost of labour and material the present policy of Govt is to accord sanction only to such electrification schemes as are immediately and imperatively essential for carrying on the administration. The reasons given in para 3 of the letter of the D.P.I appears to be sufficient for treating the present proposal as essential As the cost is less than Rs 5000/- circulation is not necessary. The proposal may be agreed to in this Deptt and the case passed on to Finance.
